Commentary

The restaurant and bar have undergone an extensive refurbishment and is fully fitted out to create an atmospheric dining environment. An open kitchen with feature wood fired pizza oven adds to authenticity and a well-appointed spacious bar area could present greater opportunity for wet trade if a new operator were to take the business a less formal dining experience route. At present, internally, the dining area provides approximately 40 covers with additional covers provided by the external seating as required. Beyond the dining area is a well equipped, commercial, catering kitchen and beyond this is a disabled customer WC facility and stairs leading to further customer WC facilities and entrance to the self-contained flat. Within the attic, which is accessible by a stairwell, from the landing where the WCs are located is an office and useful storage space. The 1st floor flat provides for 2-bedrooms, spacious kitchen and dining area, living space and bathroom.

Fixtures and Fittings

All fixture and fittings to be included in the sale. A full inventory is available upon request.

Opportunity

Dish represents a rare opportunity to acquire an established and highly regarded restaurant on the outskirts of the densely populated township of Standish. The business has built an excellent reputation and through retirement of the principals offers opportunity to a discerning operator to build upon the already well-established customer base offering significant scope for longer operating hours, greater wet sales which could all enhance profitability.

The restaurant is closed at present however it is believed that an early purchase would offer scope to benefit the goodwill the restaurant has generated during its successful period of trading.

Staff

As the business has now closed, staff will not be available to transfer and any ingoing operator will have the opportunity to appoint their own team.

Trading Information

The business is no longer trading however having only recently closed trading figures are available however it should be noted that these figures represent turnover obtained from a limited opening and trading schedule and a managed highly staffed operation with opportunity to improve significantly on said figures by trading additional opening hours and with owner managers in situ.
